

Charger Child Care, Inc.

Quality Pre-school / Child Care

Little Lions

Welcome to the Little Lions We care for infants 6 weeks – 15 months old. There are three teachers in the classroom at a 1 – 4 ratio. It takes a special person to care for such little ones on a daily basis. We are those people! We love watching them grow with each milestone, we giggle when they giggle, and we smile when they smiles We have a wonderfully satisfying career.

Our teachers work together to provide a safe, caring, and nurturing environment. There is not a set schedule because we work around the needs of each individual child.

Although we do have a loose routine. Our mornings consists of feedings, changing, and typically napping. Lunch is at 11:00am for those who eat from our menu and then afternoon nap as well. Younger infants are fed every two to three hours or as they need it. They are changed every two hours, unless they need it more. They nap when they need to sleep, we do not have set and regular nap times unless you request it. Play time happens through out the day. They interact with each other but us as well. We read, talk, and sing to them often. You will notice weekly lesson plans in your child's cubby which will let you know some of the activities your child will be doing. We try to facilitate development when ever we can.

We love working with and caring for all the wonderful babies. We look forward to getting to know the personalities of each and every one of them as they grow and develop. Watching their growth through the months they spend with us is bitter sweet. They start as these infants so tiny and new and grow into adorable toddlers who walk out of our room into the Jungle of the Mini Monkeys.
